

Dear Grand Reps,

Hi again girls! If you did not see the post that was put on the website, this is a follow up. I hope that you all have been communicating with your jurisdiction and have gotten a lot of information about them. You should probably send out another letter around Valentine's Day if you have not sent one already. Remember, in order to be eligible for a Grand Representative position next year, you MUST send in a report of what you have learned this year. Your report will need to be turned in by the end of May. Another note will be sent out around March or April with the addresses you will need to send your reports to. A few girls with good reports will be selected to read it aloud at Grand Session to share. I hope you all have been keeping up with your jurisdiction and have learned a lot.
